Simmins Crescent

Simmins Crescent is a residential care home for people with learning disabilities. We specialise in supporting people with a sensory loss and those with high support needs.

We are rated good by CQC.

Simmins Crescent is part of Vista, the leading local sight loss charity for children and adults with sight loss, in Leicester, Leicestershire and Rutland.

Our home is made up of 3 bungalows, each provide a spacious, comfortable home environment for up to five people, with attractive and spacious shared gardens.

Each bungalow has a lounge, dining room, kitchen, utility room, and bathroom. Each resident has a private, furnished bedroom with en suite bathroom and walk in shower. Bedrooms are decorated according to the resident's tastes and wishes and they are welcome to bring their own furniture.

Residents are encouraged and supported to plan, shop for and prepare their meals. All dietary and cultural needs can be met.

Located in Eyres Monsell, a residential area 5 miles from Leicester city centre, we are very much part of the local community.

Residents take part in a wide range of activities inside and outside the home, tailored to their needs, abilities and interests.

With a dedicated, well trained and experienced staff team we are proud of the high quality, person-centred care we offer to each of our residents. Our manager, Jo, has been part of Vista's team for many years and works with her deputy, assistant managers and a team of support workers. We are fully staffed 24/7, with a member of staff awake at night.

We will work with a potential resident to fully assess their health and social care needs. Together we will agree a Person Centred Support Plan and Health Action Plan for our staff to follow, ensuring it meets all lifestyle and support needs. We welcome the involvement of families and carers, as well as health and social care professionals.

'The new sensory room at our home is a fun and interactive room, drawing on all of the senses to fully immerse our residents in their surroundings and help them to connect.

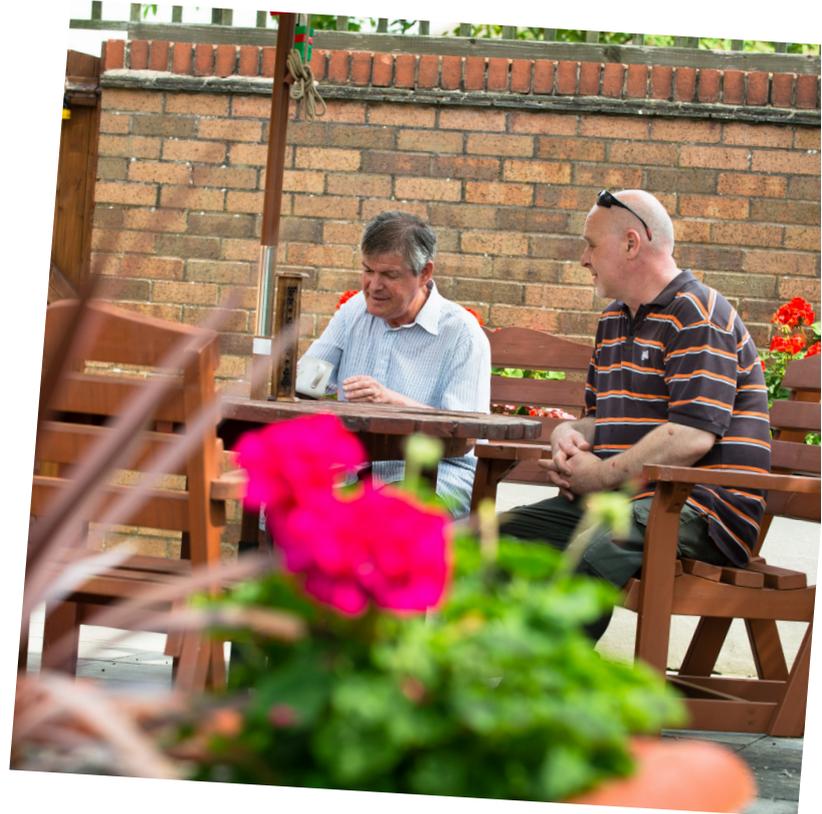

The room has up to date equipment, which creates sounds to stimulate listening, interactive coloured lighting and more'

Jo Neal (Home Manager)

Visitors are very welcome at Simmins Crescent at any time, and we enjoy friends and family being part of life in our home.

If you would like more information about Simmins Crescent please contact the home.

We would be delighted to answer any questions you have and arrange a visit if required.
